### Career

You like to avoid office politics and refuse to fight against others for coveted positions in industry. Find situations where you can work alone, do your own thing, and work at your own pace, such as writing, painting, computer programming and so on.

### Occupation

Your desire for benefiting mankind and alleviating suffering will find ample scope in the medical profession or in nursing (if you are a woman). In either of these, you would be able to live up to your ambitions and do really good and useful work in the world. Failing the possibility of entering these professions, there are still opportunities that will agree with your temperament. As a teacher, you could perform really excellent service. You would fulfill the duties of a manager or supervisor of a large staff with courage and kindness, and people would submit to your orders willingly, knowing that they could always count on you as a friend. In quite another field you may safely rely on earning a good living. It is in the literary and artistic expression, and these single you out for an author's life. You can become an excellent actor also whether for T.V. or for films. If you take up this kind of profession, it would not be surprising that you would spend your time and money in furthering some humanitarian work.

### Health

The length of your life depends more on yourself than on the fates. You have the power to attain a ripe old age. But, if you wish to do so, you must take particular care of your lungs. Seek all the fresh air you can obtain and, without making yourself a faddist, dwell as much as possible under the sky of heaven. Make a practice of regular walking and see that your head is up and your chest open. Colds and coughs should never be neglected, and damp air is highly injurious. As a secondary caution, look to your digestion. Never overload it with foods that are rich and hard to digest. Plain food will serve you best.

### Shani Sade Sati: Rising Phase

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. Take this period as learning period, put your hard work and things will fall in place. You are advised not to take high risks in business matters in this period.

### Shani Sade Sati: Peak Phase

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. As first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. You may suffer from depression, unknown fear or phobia. You will lack clarity in thinking, action, and decision making. You will be spiritually inclined and will be attracted by intricacies of nature. Acceptance and doing basics right will sail you out of this period.

### Shani Sade Sati: Setting Phase

This is 'setting' period of Shani's Sade Sati. Saturn will be transiting in the 2nd house from the natal Moon, which indicates difficulty on financial and domestic front. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

**Note:** Above predictions are of general nature and are based on general belief that Sade Sati is harmful. Truly speaking, we found that it is not always the case and we recommend reading this article on Sade Sati. Any conclusion based on Sade Sati alone is not correct and has good chances of failing. Certain factors like current running dasa and nature of Saturn also needs to be analyzed before we can conclude whether Sade Sati period will be malefic or benefic. You are advised not to take above forecasts seriously and in case of any doubt, consult a good astrologer.

## || Lal Kitab Prediction ||

### Moon in your 10th house:

The 10th house is in every manner ruled by Saturn. This house is aspected by the 4th house, which is similarly ruled by Moon. Hence the Moon in the 10th house ensures a long life of about 90 years for the native. Moon and Saturn are inimical, therefore, medicines in liquid form will always prove harmful to him. The milk will act as poison if taken during night. If he/she is a medical practitioner, dry medicines administered by him to the patient will have a magical effect for cure. If a surgeon, will earn great wealth and fame for surgery. If the 2nd and 4th houses are empty money and wealth will rain on him.

If Saturn is placed in the 1st house, the native's life will be destroyed by the opposite sex, especially a widow.

The things and business represented by Saturn will prove beneficial for the native.

#### Remedies

- (1) Visits to religious places of worship will enhance the fortune of the native.
- (2) Store the natural water of rain or the river in a container and keep it within your house for 15 years. It will wash off the poisons and evil effects generated by the Moon in the 10th house.
- (3) Avoid taking milk during night.
- (4) Milch animals can neither live long in your house nor will they prove beneficial or auspicious.
- (5) Abstain from wine, meat and adultery.

### Mars in your 10th house:

This is the best position of Mars in a horoscope, the place of exaltation. If the native is born in a poor family, family will become rich and affluent after birth. If native is born in a rich family, the family will grow richer and richer after the birth. If the native is the eldest one, he/she will gain a more distinct recognition and reputation in society. He/She will be bold, courageous, healthy and competent enough to set traditions, norms and rules in society.

However, if malefic planets Rahu, Ketu and Saturn or Venus and Moon are placed in the 2nd house, the aforesaid beneficial effects are reduced. Further if a friendly planet is placed in the 3rd house, it will also affect the results of Mars in the 10th house adversely. If Saturn is placed in the 3rd house, the native will gain huge wealth and large properties in the later part of life along with a kingly position. Mars in the 10th house but no planet in the 5th house provides all round prosperity and happiness.

#### Remedies

If the 7th house is not occupied by any planet success and prosperity will come after the marriage of the native. ## || Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
